## NEW SIGN IN USING UTAH-ID

To help increase the security of our Unemployment Insurance (UI) online application, we are now requiring all users to sign in with a Utah-ID. The following outlines the two-step process to transition your sign in to a Utah-ID.

**Post your jobs online:**

[jobs.utah.gov/employer](https://jobs.utah.gov/employer)

**Occupational wage data:**

[jobs.utah.gov/wi](https://jobs.utah.gov/wi)

### STEP 1:

The current UI online application login page will redirect you to the new sign in page where you can create a Utah-ID.

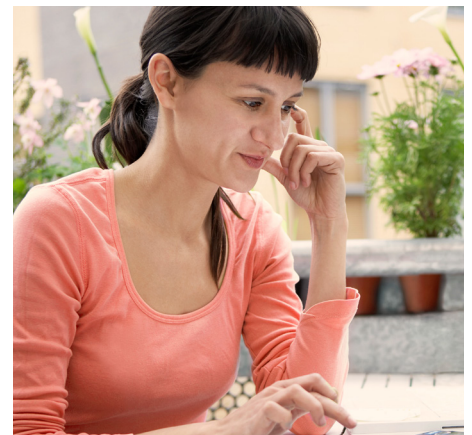

PLEASE NOTE: If you currently have a Utah-ID to access any of Workforce Services' other applications, you can use that same Utah-ID and password to access your UI account.

### STEP 2:

The first time you sign in to our UI online application with your Utah-ID, you'll be asked to associate your new Utah-ID with your existing UI account. To do this, you will need to enter your old UI email and password that you used to sign in with prior to creating your new Utah-ID.

If you have any questions, concerns, or difficulties creating a Utah-ID or associating your Utah-ID with your UI account, please use our online Live Chat feature or contact our Employer Accounts Team at 801-526-9235 (select option 2, then option 1) Monday-Friday, 8 a.m. - 5 p.m.
